

POST-CHRISTIAN EUROPE ATTEMPTING TO SHUT DOWN FREE SPEECH

Over a year after his arrest, a 72-year-old street preacher in the UK has been cleared of a charge of causing “alarm and distress.” Pastor John Sherwood was preaching on the street on the Biblical definition of marriage from Genesis 1:27-28. Someone in the audience was offended and called the police.

Sherwood cited freedom of speech laws when the police ordered him to stop using language that offended “gay” listeners. They declared that he was resisting arrest, and forcibly removed him from the ladder that he was using for a podium.

Sherwood was held overnight at the police

ABS SEES SUDDEN DROP IN BIBLE USAGE

Rather than hard times driving Americans to the Bible, it appears that they are moving away from it at a faster rate.

The American Bible Society (ABS) has completed its annual State of the Bible USA survey. Until 2022, 47 to 49% of American adults claimed to use the Bible in some fashion. “However the 2022 data showed a 10% decrease [39%] from the same time in 2021. That means nearly 26 million Americans reduced or stopped their interaction with scripture in the past year,” the report concluded.

In the past, when leadership in the nation strayed from a godly worldview, there was enough spiritual resilience in the common people to call the nation back to repentance. Moving away from the Bible can only further God’s displeasure with us and hasten His judgment.

Yet those Bible-believers who remain faithful could still turn the nation around and God might also

station and charged with a violation of section 5 of the Public Order Act, which outlaws “threatening or abusive words or behavior likely to cause harassment, alarm or distress.”

Christians supporting pastor Sherwood filled the public gallery at his trial where he was acquitted by the Uxbridge Magistrates’ Court.

Another bold Christian has been acquitted by a court in Finland in a case that has gained much more international attention. Paivi Rasanen is a member of parliament, charged with “crimes against humanity” for producing a 2004 pamphlet entitled “Male and Female He created them: Homosexual relationships challenge the Christian concept of humanity.”

“In addition to the pamphlet, Rasanen faced criminal charges for a 2019 tweet criticizing the leadership of the Finnish Lutheran Church for supporting LGBT

pride month and sharing her beliefs about homosexuality in a radio show appearance that same year,” reported the Christian Post.

In April, the Helsinki District Court threw out the charges against Rasanen, stating that “the government should not be interpreting Biblical concepts.” Unfortunately, the prosecution is not finished with her. They are appealing the verdict to a higher court. If convicted she could face the possibility of six years in prison for sharing her Biblical beliefs.

In America there are many people who would wish to impose the same kind of restrictions on Biblical speech. Yet we have the blessing of a solid constitutional right to free speech. Jesus would say that that is daytime when we should be working. But He predicted that it would not be permanent, but the night would come. Chick tracts are a great way to carry out the Great Commission —while we have the day.

“GOMEZ” TRACT WORKED FOR MR. GOMEZ

Jo Anna Woody maintains a literature ministry to prisons. She ships thousands of tracts and Crusader Comics to prisons in several states. Of the testimonies that come back to her, she shares the following from Chaplain John Downs:

He called me (Jo Anna Woody) not long ago, and shared his story about “Gomez is Coming.” Here it is: he (Chaplain Downs) said that when I sent that last batch of tracts that the “Gomez” in Spanish really was fitting for his Spanish inmates. They have an inmate named “Gomez” and the tract “Gomez” with this guy were like the same person!

One of the Spanish guys put that tract in Gomez’s cell while he was out because they were so afraid of him. When Gomez came in for the night, he saw that tract. The other inmates who could see him,

watched with trepidation!!

They were sure he’d probably pitch a fit and cuss everybody! Well, he read the tract and some of the men who were watching said he looked around the cell for a few minutes, read the tract again and they saw him get on his knees and pray! The next day he told one of the Christian inmates what had happened!! The chaplain said there was a time of great rejoicing —and a few long ‘whews’ because this guy was really

do a U-turn. When Abraham questioned God's ratio at Sodom and Gomorrah's judgment, we see that it does not take very many faithful to preserve the others.

However, another recent statistic is not good. The Bible marketing organization ECPA reports that the King James Bible is no longer number two in the ranking of Bibles being sold through the ECPA-affiliated outlets. It has moved to the number four position with the NLT and the ESV superseding it.

Satan's plan is succeeding to eclipse the one English Bible that is solidly based on faithful manuscripts and install the modern versions polluted with a fake history.

mean!! Praise the Lord!!

Jo Anna's ministry is called Mission Possible and has been a faithful source of the gospel for prisons for many years. If you would like to help, you may write to Mission Possible, PO Box 1184, Inverness, Florida, 34451. They can issue you a tax-deductible receipt.

As author David W. Daniels points out, Eve was the first one to buy the Devil's line of doubt. And he has not let up even until now. When various Bibles say contradictory things or omit words and verses, readers cannot help but experience confusion, the seedbed of doubt.

Daniels has produced a library of books proving that God kept His promise to preserve His word (Matt. 24.35). But men decided to "fix" the Bible, giving Satan an opportunity to substitute counterfeit manuscripts into the history of the Bible. Please visit Chick.com: Books to review the books in this series on the reliability of the modern Bibles.

Chick Publications also maintains an account for Mission Possible where you can donate, but Chick Publications is unable to issue a tax-deductible receipt. All funds that come in for Mission Possible, are used to purchase tracts for prisoners.

STOP! STOP! NOT 'APPROPRIATE' FOR CHILDREN

Michelle Brown began reading from a book that she had brought. Suddenly, one of the listeners in the room interrupted her saying that what she was reading was inappropriate for any children who might be listening to the livestreamed meeting.

Who was Michelle Brown? She was a concerned parent reading a book from the library of her children's public school. And the meeting was of the local school board responsible for that library's contents. The objector was a member of that board.

Brown had obviously made her point.

Like a muddy flood, the evil efforts of educational bureaucracies and corrupted teachers unions keep showing up in unexpected places. Parents are waking up and becoming alerted to the perversions.

It is one thing when a public library holds a very public event by a crossdressing drag queen. If parents know about it they can generally prevent their kids from storing such memories. It's another whole level of deception when books are quietly placed in the school library

ENCOURAGING GROWTH OF GLOBAL CHRISTIANITY

While it appears that the church in America is on the decline, the bigger picture is more encouraging. Gordon-Conwell Theological Seminary has a Center for the Study of Global Christianity. It is reporting several positive trends in its report, the 2022 Status of Global Christianity.

To begin with, the number of non-religious people is dropping. In 1970, the atheists were 165 million. Now they are down to 147 million even with an additional four billion in total population.

Unfortunately, the researchers did not draw a careful line between the true Biblical Christian and the Christian-in-name-only, such as Catholicism and some of the other cults. They list a total of 2.56 billion people who identify as a Christian and expect that number to grow beyond 3 billion in the next 30 years.

Roman Catholics are approximately half of that, with a current 1.26 billion. They list the Pentecostal and charismatics as the two fastest growing groups

around the world estimating that their total by 2050 could well top 1 billion.

There has also been a major shift with Asia and the global South becoming the fastest growing area. In 1900, Christians in Europe numbered twice as many as all of the rest of the world. Now, the researchers estimate that some 838 million live in the global North, while almost 1.1 billion live in Africa and Asia alone.

Another interesting trend is the saturation of Christians in what are considered non-Christian nations. These are countries where a majority of people do not claim to be Christian. In 1900, 95% of all Christians lived in a country where Christians were the majority. Today that number stands at just above 50 percent.

In places like India and the Muslim countries this has led to a great deal of persecution for the Christians. On the other hand, missionaries report that it also led to a significant number who converted to Christianity.

And lastly, it appears that the overall

SATAN'S INGENUITY

Will we ever cease to be amazed at Satan's ingenuity at pushing his lies? wnd.com reports on a "worship" service at the Methodist Duke Divinity School held in honor of the "Great Queer One." A student group, Divinity Pride, held the event to affirm the "dignity, faithfulness, and strength of Lesbian, Gay, Bisexual, Trans, Queer/Questioning, Intersex, Asexual, and gender/sexuality non-conforming Christians."

Second-year Masters of Divinity student, Caroline Camp opened the service

addressing their deity as "Strange one, fabulous one, fluid, and ever-becoming one." She went on to claim that God is "mother, father, and parent" as well as "drag queen, and transman, and gender fluid."

Another divinity student, C.J. Surbaugh "defended gender transition as Biblical," taking Genesis 32:22-31 as a proof text. This is the story of Jacob wrestling with the angel. Jacob's struggle was compared to taking testosterone to transition from female to male. Surbaugh

See *Ingenuity* p.7

INGENUITY *From p.6*

wondered if Jacob felt, after the angel left, “the same way I did on the clear October morning when I learned to give myself a hormone shot.”

When you make up your own god, contorting the scriptures becomes increasingly ridiculous.

When Jack Chick foresaw the times we are living in, he tried to create engaging stories that would illustrate the false “pride” that ultimately leads to destruction, physically and spiritually. Then, at the end of the story, he placed Biblical

truth as the way out. Anyone who reads one of the Chick tracts on homosexuality will not be able to say to Jesus at judgment day that he did not know the truth.

Tracts on this subject require a specially anointed boldness to hand one to a stranger, but in our travels, anyone can stash one where it will be found. Please visit: www.chick.com to review and purchase tracts on this subject, or call 909 987 0771 to place an order or ask for a catalog.

(There is) a young lady named Xoliswa (the “X” is pronounced as a clicking sound). Someone had been passing out tracts near a market in her neighborhood. Xoliswa never met that person. She happened upon a tract that had been tossed down to the ground. Turns out, she had been searching for a church that could help her grow. She’s been to church every Sunday since she found the tract and has also enquired about being baptized. I was glad to hear such a clear testimony of salvation from her. By the grace of God we look forward to being there for her as a church. All of this because some unknown member from our church passed out a tract to a person who didn’t want it.

-Mike F., Email

I just want to tell you how we appreciate the blessed tracts you provide to the public. I just ordered many of them and hope to reach the teens for Jesus. It’s

heartbreaking to see people going to die without Jesus. Thank you and may God bless and protect you all.

-Carol M.

In 1990, I found Chick tracts in a laundromat that led me to the Authorized Version of the Holy Scriptures. In the pages of our King James Holy Bible I learned of what our Lord and Saviour Jesus Christ did for me on the cross of Calvary, how HE shed His precious blood for me and how he rose from the dead for my salvation, justification, my redemption and my reconciliation to the Father in Heaven. Having been saved through faith alone in Jesus, I denounced Roman Catholicism and then found fellowship in an Independent Baptist Church. I am now in my 3rd year of Bible school and I hope to become a missionary to the people of China.

containing content that even a school board member objects to.

But current practices of some of the public libraries show how far it can go. The below picture of a Citrus County, Florida public library seasonal display shows how twisted the content can be. trend is helping to reduce the number of martyrs. In 2000, the status report showed a rate of 1.6 million Christians killed for their faith over the previous ten-year period. In 2022, their estimate was down to 900,000.

Along with the increase in Christians, there is also an increase in the number of Bibles. They estimate that more than 90 million bibles will be printed this year. That is up from 54 million in the year 2000 and 5 million in 1900. Total number of bibles worldwide was set at 1.8 billion copies.

We are tempted to pray for Jesus to come back quickly and put an end to the mess that Satan's lies have created on planet earth. However, it appears obvious why He may not be in such a hurry.

of a few of the titles brings honest depictions of their disgusting content —and LGBT admiration for the creativity of the corrupt authors.

Beloved, America needs Jesus. And the only way they can really know Him is through the power of His word. Chick tracts are heavily laced with Biblical truth. We just need to get more of them out there where people can read them.

With trends like these that are creating a river of new believers flowing into the Kingdom, it behooves us to get with the program and obey the Great Commission and be part of this world-wide movement.

Spreading gospel tracts in your neighborhood is a good place to start. But many missionaries are desperate for literature that will present the gospel in a compact, portable form. Chick tracts have proven for over 50 years to be a reliable tool, challenging men and women with the claims of the gospel.

If they reject the message, they are without excuse on Judgement Day. If they accept it, they will be with the rest of us as we gather around the throne to worship our marvelous Creator.

IS YOUR CHURCH... *TRAPPED?*

Many churches are trapped within the church walls.

But Jesus said, “Go...”

Some Chick tract users are getting up in years, and don't get out as much as before, but they want to use their funds to promote evangelism. If that's you, we have an idea that may help:

Many churches have young people who want to be a witness, but don't know how. They may want to use tracts, but have no money to buy them. Be their benefactor! Give them a sample pack, ask them to choose their favorites, and then be the “angel” who keeps them supplied! You will share in their reward.

Remember: Chick tracts get read!

MISSIONS FUND REPORT

LATIN AMERICA

We have now completed printing the remaining 1-1/2 million tracts requested by Missionary Tom Sloan. The pallets seen in the photos below filled a truck, and headed for Customs. From there, they are being taken by Gary Schwer of the ministry Hands Across The Border (HATB) to distribution points throughout Mexico, Guatemala, Honduras, El Salvador and Nicaragua. As this newsletter is printed, Schwer has already begun distribution as far south as Sinaloa and is continuing further to bless local outreaches with ammunition—Chick tracts. Thank you for helping with this huge project!

PHILIPPINES

Missionary Bruce Hunsaker does not sit in a church . . . he is regularly on the streets with Chick tracts you provide, presenting Jesus!

Veteran Missionary Doug Sisson (BIMI) has big plans for August. Hundreds of pastors of small churches will converge on his church, Mt. Calvary Baptist Church, in the city of General Santos. They will receive training sessions, and Sisson will then arm each pastor with some of the 200,000 Chick tracts we are sending there. At the time of this writing, the tracts are printed, and we are in the process of arranging shipping.

Missionary Mike Carey shares with us a few lines from the pastors who he supplies with the tracts.

“Pastor Unay from Talisay Bible Baptist Church said ‘I am able to discuss with youth ages 13 and above regarding what is inside the Gospel tracts. By God’s grace there are 13 souls who received Jesus as their Lord and Saviour.’

“Pastor Erwin Cayetor of Cantilan reports, ‘The church is doing extensive soul winning every Saturday and some days within a week to different places far and near the church even in this pandemic.’

More tracts are now being shipped for additional projects, with more requests coming in from missionaries!

MISSIONS REPORT *From p.10*

“Another tells of a lady who is now a pastor’s wife. ‘It all started with the tracts we gave her.’”

As they have seen the amazing acceptance of these tracts, pastors throughout the Philippines have been starting Chick tract outreaches in their towns! This movement is growing!

MEXICO

Missionary Tim Urling just got back from the “Holy Week” outreach in Puerto Peñasco, Mexico. Passing out 50,000 Chick tracts you gave them in the busy intersections, witnessing on the streets and preaching in the parks, they saw at least 200 professions of faith in Jesus Christ.

They still had some tracts left, which were shared with the local churches to continue the outreach. They worked with four different churches to funnel prospects into their churches. Urling said, “very successful in my estimation. The Chick tracts are a real blessing and give us a way to sow the gospel and to break the ice to begin gospel conversations. Thank you so much for your part in this campaign!”

ETHIOPIA

Workers with Compassion International have been receiving Chick tracts in both the Amharic and Oromo languages. One of the teams recently saw 40 people come to the Lord as a result of the tracts and

evangelistic outreach. Below is the evangelistic team on the streets sharing Jesus.

UKRAINE

No matter how one feels about the governments of Russia and Ukraine, the ongoing conflict in Ukraine has destroyed the lives of millions of civilians who have had to flee for their lives. Your giving has made it possible for us to immediately respond when we get phone calls from missionaries who are about to catch a plane for Germany, Poland, Slovakia, Romania, etc. where they are working with the refugees. Thousands of Chick tracts are being used, along with relief supplies, among those desperate people.

They are being used by workers from Charity Baptist Mission, Jewish End-Time Ministries, Seed For The Cities, Crisis Response International, Grace2Russia and Macedonia World Baptist Missions. Thank you for helping!

VENEZUELA

Missionary Jerry Alford has been receiving Chick tracts through the Mission Fund for years. Shipping to him requires a different approach, but here is what he says about the tracts you gave him: “Your Chick tracts are one of three basic tools (Bibles and Bible courses are the other two) that I have used for over 35 years.

No one knows the Catholic Church like a priest.

A CLASSIC!

Item #180 368 pgs, \$15.95

50 Years in the “Church” of Rome by Charles Chiniquy

As a priest, Charles Chiniquy had a problem . . . he read his Bible. After obediently preaching his church’s doctrine of Mary our Intercessor, he went home and read where Mary made public requests (intercessions) to Jesus on behalf of someone else. In each case, she was rebuked! Chiniquy was devastated. He had preached a falsehood!

In chapter after chapter, we follow Chiniquy as he realizes that the doctrines of his Catholic Church are contrary to his Bible. Finally, he left Rome, taking nearly his entire parish with him, to follow Jesus alone.

Here’s what readers say:

“Wanted to see what the religion really says behind closed doors. . . Opened my eyes!”

“An insider’s account of the practices and doctrines of the Roman Catholic Church.”

“My missing gaps are now filled in.”

“This book helped me leave that church.”

MISSIONS REPORT *From p.12*

Now there are over 20 churches here that would not have been here. Praise the Lord and thank you.”

KENYA

Your gifts are still providing tracts to Missionary Joetta Smith in western Kenya. She recently wrote: “It is amazing but it seems the tracts are in bigger demand than ever before! It is exciting! I have a team of five pastors who are going out weekly to do street preaching and they will go back to begin to disciple those who responded. It is wonderful to see people now actually being drawn back to God! A crisis always does that.”

GUYANA

Another shipment of 20,000 tracts went to Missionary Noel Shrivnauth along the Demerara River in Guyana. He uses them regularly for outreach here. Below is a picture of Pastor Shrivnauth as he personally hands out tracts at the marketplace.

He reports that people read Chick tracts almost immediately after getting them. The Gospel is being planted in hearts and minds in this tropical nation!

THAILAND/BURMA

Missionary Pat Caspary works with teams who travel both in Thailand and

neighboring Burma. You have supplied thousands of tracts for these precious people. It is not possible for us to ship the tracts directly into Burma, so we ship to Thailand where workers can pick them up so they will have them when they travel back across the border. The Burmese army has been torturing and killing many of the people known as “Karen” people. Sometimes they even burn them alive. They come across the border with absolutely nothing, and are given rice, eggs, sleeping bags, and other help. Caspary and his workers use creative methods to

make sure that Chick tracts are included in each package. Pat Caspary is desperate to show them Jesus! Thank you for helping. We have so many pictures of people being helped and receiving tracts, it’s hard to pick just a few!

Grateful for rice, they read the tracts right away.

WORLDWIDE

Requests from missionaries have been coming in so fast that, even though you have been faithfully giving as normal, we have had to put some of them on a waiting list. As funds become available, we immediately supply them Chick tracts. It feels like the Lord is leading His church to make a big end-time push!

Brothers and Sisters in Christ:

Does giving out Chick Tracts work?

Wow! Check out this issue of *Battle Cry* alone! 1.5 *million* Chick tracts to be distributed in Latin America, hundreds of thousands in the Philippines, 50,000 in Mexico, order after order for Russian and Ukrainian refugees. Amazing. One team of Compassion International in Ethiopia had 40 souls saved. Twenty churches started in desperate Venezuela. Demand in Kenya, Guyana, Thailand and Burma.

What do these missionaries know? Why are they so enthusiastic around the world? Chick tracts *work!* But only when they are given out. That's where you come in.

Pastors and teachers may not know how powerful they are. One word can encourage or discourage. Some have spent decades saying to their congregations, "Giving out tracts *doesn't work.*" By doing this, they became a self-fulfilling prophecy. They discouraged millions of potential tract-passers.

But never fear! We can change all that! By doing our part, promoting passing out tracts, and supplying missionaries with tracts, as well as sharing these missionary testimonies of the many people both reached and saved by being given gospel tracts, we can help turn the tide.

When people in a congregation are faithfully handing out tracts, and souls start getting saved, pastors notice. Chick tracts work. That's why so many foreign pastors and missionaries are sending letters asking for Chick tracts. And with our Special Back Cover offer, their church's information can be printed on the back, so the new believer knows where to go to get good Bible teaching after they are saved, or even to learn about Christianity from Christians. Missionaries want what works. And giving out Chick tracts *works.*

Continued on p.16

Letter from David Daniels (continued from p.15)

Our country and world have gotten into the mess we're in, because Christians were discouraged from bringing the gospel to the lost. And giving out tracts is the easiest way to start the conversation, either of us with them, or more importantly, of them with God.

I wouldn't want to be one of those discouraging pastors facing Jesus on Judgment Day. But I am happy to be one of those passing out gospel tracts and sharing Jesus as I can. Don't be discouraged!

God be with you as you continue to share the gospel with tracts and your testimony.

In Christ Jesus, and for His service,

David Daniels
